Create Your Own Design Plan

Use these four simple steps to create a clear direction for any room.

1. Room: _____

2. Inspiration

What image, object, fabric, rug, or piece of art represents the direction you want for the room?

3. Function

How will the room be used? What furniture, lighting, storage, surfaces, and practical elements does it need?

4. Feel

Choose 3–5 words that describe how you want the room to look and feel.

5. Find

What pieces do you need to look for? Note any colors, materials, shapes, or finishes that support your plan.
